

LEGALIZATION OF COMMERCIAL DOCUMENTS (invoices - certificate of origin, etc...)

In order to get your documents legalized, please follow the instructions below.

- ✓ Before sending the documents to the consular section, they should be legalized by the Swedish, Norwegian, Finnish or Danish Chamber of Commerce.
- ✓ Please send the original invoices and/or documents.
- ✓ A self addressed return envelope with stamps (**only registered mail**), if sent from outside Sweden please use international coupons.
- ✓ In order to have your documents legalized quickly, you are advised to pay (or transfer) the exact amount of fees of legalization in the bank and send the original notice of payment along with the document. Fees of legalization are shown in the [Fees list](#).
- ✓ The legalization fees should be paid to the account of the Syrian Embassy in Skandinaviska Enskilda Banken (SEB), account no: 52771021668. For international payment use Iban number: SE SE4650000000052771021668, Swift code: ESS ES ESS.
- ◆ **Please make sure that any cost of transfer should be paid by you additionally.**
- ◆ **Payment by check is not acceptable as it prolongs the process of completion of legalization and costs more due to bank charges.**
- ✓ Legalization of commercial documents by Notaries Publics is not required and does not fulfill the requirements and cannot be a substitute for the legalization by the Chamber of Commerce.
